renewing exfoliating ritual

Bask in therapeutic relaxation with the best of both worlds. After muscle relaxing, Self Heating Mud packs are applied to the spine. An exfoliation is performed using a creamy exfoliant infused with an endorphin releasing aromatherapy serum, which has a similar mood enhancing actions as those provided by the sun to simultaneously revitalize the skin and senses.

sun-kissed body exfoliation with tanner

gently exfoliated, your skin is then moisturized from head to toe. The final touch: the application of a self-tanner. Perfect for a natural glowing tan without the sun or making a tan last after a summer vacation.

treasures of the sea treatment

Immerse the senses and bring the body back into balance. This unique treatment includes a specialized lymphatic massage performed with Relaxing and Draining Elixirs to melt tight muscles and increase circulation. Followed by an application of moisture rich body cream.

sea holistic exfoliation & massage

Combining light strokes, pressure and stretching, this Thai-inspired body massage eliminates tension knots one by one while providing gentle heat. The body scrub with marine salt crystals restores the skin's natural softness. Gradually, your mind surrenders to bliss, and a lasting sense of wellness sets in.
